

# T-strike Worksheet

Drilled and c/s for #8 x 3/4" FHWS (x2)

Qty:	
Material:	
Finish:	
Bent lip or flat:	

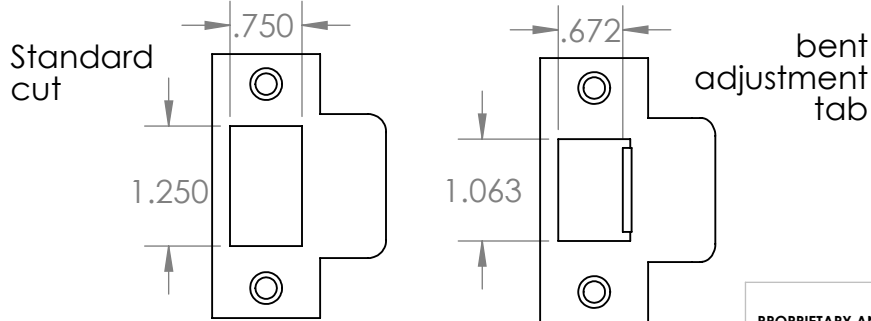

These are the dimensions of a standard T strike

Make any changes needed for your custom strike.

There are many possible hole configurations. I have shown 2 below. Please indicate which of these you require or draw & dimension what you need on the blank.

Please note type of lock this is for if known.
